

Summer Learning Support

An innovative approach to Summer Learning

Do you struggle with developing fun educational activities each week? Do you think that providing educational activities is important? ACA-NY proudly announces a new program designed to combat Summer Learning Loss.

Site Based Staff Training

We will provide onsite training for your staff focused on easy to implement games and activities, thematic planning, and making summer learning fun.

Onsite Programming

Our Summer Learning Specialists will visit your site for three hours each week to provide fun, hands-on educational activities designed with your campers in mind.

Individualized Support

Your camp will be assigned a dedicated Specialist who will be able to answer questions, trouble shoot, and provide support for activity planning.

Our innovative approach combines staff training, onsite programming, and individualized support to make your summer learning experience the best its ever been.

Make it your best summer yet!!
